Retail and POS

Display your menu with descriptions, prices and images. Make it a digital menu board!

Transportation

Displays help get people where they need to go and improve the experience along the way

Kiosk

Kiosks to fit all of your needs whether it be to advertise, inform or entertain.

Healthcare

Broadcast clinic services, doctor bio's, and practice information.

Interactive

Small touchscreen displays designed for seamless and intuitive direct customer interaction.

OEM Embedded Control PC

Technology that serves as the human interface for a more complicated machine.

Digital Signage

Digital signs that show off both design and strategy.

Outdoor Advertising

Public transportation stations use digital displays for advertising, providing passengers with information about products and services during their commute.

Education

Distribute campus news, faculty announcements, and class schedules

Our Partners:

Why Choose Our Commercial Display Solution ?

Lifetime Technical Support

From the moment you receive your product, throughout the duration of your warranty and even after your warranty has expired we are here to support you. If you require any assistance setting up or using your product, or have any problems at all, we can provide free technical support via telephone and email.

If needed, we can provide an installation service for any of our products. We can also set up service-level agreements for larger projects that require maintenance contracts.

On-site Support and Maintenance*

Extended Warranty*

All of our commercial display products come with a 3 year commercial warranty as standard but if you want to extend this you can upgrade this to cover a 5 year period at point of purchase.

Should your display suffer from any kind of hardware failure during the warranty period we will send you an advanced replacement and arrange for your old display to be collected, free of charge. This ensures no downtime where you are without a screen.

Advanced Replacements

Testing & Custom Product Configuration

If you need us to test third party software or a website, or configure your screen in a particular way before it is dispatched (e.g. in a particular orientation or network mode), we can do so to make your life easier.

Compared to other manufacturers, we have long-term partners in logistics and can provide special express services* for the delivery of goods.

Logistics Support

Project Support

If you need to loan a sample unit to test we'd be more than happy to arrange this. We can also provide a rental service for temporary projects*.

Our modular components allow us to easily bring your vision to life. Printers, scanners, cameras, payment processors, brand signs, RFID, thermal imager, temperature sensor, humidity, Gyroscope, pressure sensor, magnetic sensor, electronic blood pressure..... Your display can be customised to suit your requirements by adding your logo or printed graphics or even tailoring the colour of a display. We can also carry out hardware modifications to existing products or manufacture bespoke solutions for special projects. Tell us exactly what features you need.

Customisation*

Contact Information

With 19 years of experience, LETINE is a leading provider of digital signage solutions. Our products feature advanced motherboard technology and are customizable to meet unique client needs.
